Trading Update – Settlement reached with the My Chemist/Chemist Warehouse Group (MC/CW)

Sigma Healthcare Limited (Sigma) is pleased to confirm that a negotiated settlement has now been reached in relation to the ongoing operation of the current Supply Agreement with MC/CW.

An important feature of the settlement is an undertaking given by MC/CW not to pursue the procurement of products from another CSO wholesaler for the remaining term of the agreement.

As a result of this settlement, Sigma confirms current year EBIT guidance of \$90m, with FY19 anticipated to be at a similar level, subject to further acquisitions or business development initiatives.

Mark Hooper, Sigma CEO and Managing Director commented “Importantly, both parties are committed to a more constructive approach to discussions for a new agreement, with discussions expected to advance over the 2018 calendar year.”
